### Soft, safe and fun for your little one!

Soft Gear™ designs unique American-made children's products to help you gear up for your child's every moment. We are the market leader in 3-D molded thermoplastic elastomer foam products, manufactured in the United States. All Soft Gear products are created to be soft, safe and fun for your little one.

With long-term durability and stylish appeal, these practical products serve as the perfect accessory for you and your child's daily routines. Whether it's playtime, dinnertime, bathtime or naptime, your family can use Soft Gear throughout the day to keep your child safe, healthy and happy as they grow.

See these products and more at the 2011 ABC Expo—Booth 3501
